## CAREER OBJECTIVE

To leverage my technical skills and passion for web development to contribute to a dynamic and innovative organization. Seeking a challenging position as a web developer where I can utilize my expertise in web development, problem-solving abilities, and creative mindset to deliver high-quality and user-friendly web solutions. My goal is to contribute to the success of projects, collaborate with cross-functional teams, and continuously learn and grow in the ever-evolving field of web development.

## WORK EXPERIENCE

### Web Development Intern

#### Sabi Programmers

- 📅 January 2023 - current 📍 Akure, Nigeria
- Developed user interfaces with modern JavaScript, HTML5, and CSS3.
  - Designed, developed and revamped web applications using CSS frameworks like bootstrap and JavaScript frameworks like jQuery.
  - Created accessible, responsive, and functional user interfaces to allow visitors on any device to have the same perfect user experience.
  - Designed, developed, and supported new and existing secure websites and web applications.

### Data Entry Staff

#### LAPO Microfinance Bank

- 📅 December 2013 - April 2021 📍 Akure, Nigeria
- Enter customer information, account details, financial transactions, loan applications, and other relevant data into the bank's database or computer systems.
  - Review and validate the accuracy and completeness of the entered data. Cross-check information against supporting documents or systems to ensure consistency and identify any discrepancies.
  - Update and maintain customer records, account information, and other relevant data in the bank's systems. Ensure that all records are up to date and reflect the most recent information accurately.
  - Adhere to strict confidentiality guidelines and maintain the security of sensitive customer information. Protect customer data from unauthorized access, disclosure, or misuse.
  - Follow established quality control procedures to identify and correct errors or discrepancies in the data. Work with supervisors or team leaders to ensure data accuracy and resolve any issues.
  - Complete data entry tasks within specified timelines and meet productivity targets. Strive to achieve high efficiency while maintaining accuracy and attention to detail.
  - Identify opportunities to streamline data entry processes, reduce manual effort, and improve overall efficiency. Propose ideas or solutions to enhance data management practices within the bank.
